#### INDEPENDENT AUDITORS' REPORT

The Boards of Directors
The Quebec-Labrador Foundation, Inc. and
Quebec-Labrador Foundation (Canada), Inc.:

#### **Opinion**

We have audited the combined financial statements of The Quebec-Labrador Foundation, Inc. and Quebec-Labrador Foundation (Canada), Inc. (collectively "the Organizations"), which comprise the combined statements of financial position as of August 31, 2022 and 2021, and the related combined statements of activities and changes in net assets, cash flows, and functional expenses for the years then ended, and the related notes to the combined financial statements.

In our opinion, the accompanying combined financial statements referred to above present fairly, in all material respects, the combined financial position of the Organizations as of August 31, 2022 and 2021, and the changes in their net assets, cash flows and functional expenses for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organizations, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organizations' ability to continue as a going concern for one year after the date that the combined financial statements are available to be issued.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the combined financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organizations' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the combined financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organizations' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

#### Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The accompanying supplementary combining information on pages 29 to 32 for The Quebec-Labrador Foundation, Inc. and Quebec-Labrador Foundation (Canada), Inc., is presented for purposes of additional analysis and is not a required part of the combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements.

The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the combined financial statements as a whole.

The information has been subjected to the auditing procedures applied in the audits of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the combined financial statements as a whole.

Notes to Combined Financial Statements

August 31, 2022 and 2021

#### (1) Nature of Operations

The Quebec-Labrador Foundation ("QLF") operates as two separate organizations in the United States and Canada (collectively referred to as "the Organizations"). The Quebec-Labrador Foundation is a not-for-profit organization in the U.S. and a Registered Charity in Canada. QLF's program mission is defined in two parts: a regional component (New England and Eastern Canada); and an international component, which ties the regional model to a global network. The Organizations' program mission follows: The Quebec-Labrador Foundation exists to promote global leadership development, to support the rural communities and environment of Eastern Canada and New England, and to create models for stewardship of natural resources and cultural heritage that can be shared worldwide. The Organizations' programs demonstrate a commitment and focus on leadership development through the model of community-based conservation and the stewardship of natural resources and cultural heritage that is shared worldwide. The Organizations' contributions and grants are primarily from the general public, private foundations, and government agencies in the United States and Canada.

#### (2) Summary of Significant Accounting Policies

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

#### Financial Statement Preparation

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of grantor or donor-imposed restrictions. Accordingly, net assets of the Organizations and changes therein are classified and reported as follows:

*Net assets without donor restrictions* - Net assets available for use in general operations and not subject to restrictions imposed by donors or certain grantors.

Net assets with donor restrictions - Net assets subject to restrictions imposed by donors or certain grantors. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

#### *Principles of Combination*

The combined financial statements include the accounts of The Quebec-Labrador Foundation, Inc. (the "U.S. Organization") and Quebec-Labrador Foundation (Canada), Inc. (the "Canadian Organization"). Inter-Organization balances have been eliminated in combination.

#### Notes to Combined Financial Statements

August 31, 2022 and 2021

#### Basis of Accounting

The accompanying combined financial statements have been prepared using accounting principles generally accepted in the United States of America.

#### Fair Value Measurements

The Organizations report certain assets and liabilities at fair value on a recurring and nonrecurring basis depending on the underlying accounting policy for the item. Recurring fair value measures include the Organizations' investment accounts. Nonrecurring measures include contributions receivable. Fair value standards require an entity to maximize the use of observable inputs (such as quoted prices in active markets) and minimize the use of unobservable inputs (such as appraisals or other valuation techniques) to determine fair value. In addition, the Organizations report certain investments using the net asset value per share as determined by their investment managers under the so-called "practical expedient." The practical expedient allows net asset value per share to represent fair value for reporting purposes when criteria for using the method are met. Fair value standards also require the Organizations to classify financial instruments (but for those measured using NAV) into a three-level hierarchy, based on the priority of inputs to the valuation technique.

Instruments measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 – Quoted prices are available in active markets for identical instruments as of the reporting date. Instruments which are generally included in this category include listed equity and debt securities publicly traded on a stock exchange.

Level 2 – Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined using models or other valuation methodologies.

Level 3 – Pricing inputs are unobservable for the instrument and include situations where there is little, if any, market activity for the instrument. The inputs into the determination of fair value require significant management judgment or estimation.

In some instances, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such instances, an instrument's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2022 and 2021.

Mutual and exchange-traded funds and publicly traded real estate investment trust ("REIT") - are valued at the daily closing price as reported by the funds. Mutual and exchange-traded funds and publicly traded REIT held by the Organizations are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net

#### Notes to Combined Financial Statements

August 31, 2022 and 2021

asset value and to transact at that price. The mutual and exchange-traded funds and publicly traded REIT held by the Organizations are deemed to be actively traded.

Market price is affected by many factors, including the type of instrument and the characteristics specific to the instrument, as well as the effects of market, interest and credit risks. Instruments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lower degree of judgment used in measuring fair value. It is reasonably possible changes in values of these instruments will occur in the near term and that such changes could materially affect amounts reported in these financial statements. For more information on the fair value of the Organizations' financial instruments, see Note 5 - Investments and Fair Value of Financial Instruments.

#### Cash and Cash Equivalents

Cash and cash equivalents include all highly liquid instruments with a maturity of three months or less at date of purchase. The Organizations maintain their cash balances in several financial institutions, which management believes are of high credit quality. The Federal Deposit Insurance Corporation (FDIC) insures deposits up to \$250,000 per bank for interest-bearing deposits. The Canadian Deposit Insurance Company (CDIC) insures deposits up to C\$100,000. Financial instruments which potentially subject the Organizations to credit risk include cash balances at banks, which may at times exceed the related FDIC or CDIC deposit limits. The Organizations monitor their exposure associated with cash and cash equivalents and have not experienced any losses in such accounts.

No cash and cash equivalents is to be used for restricted purposes at August 31, 2022 and 2021, respectively.

#### Short-term Investments

Short-term investments include instruments with a maturity greater than three months at the date of purchase and is comprised of a Guaranteed Investment Certificate (GIC) held at a bank by the Canadian Organization.

#### Revenue Recognition and Reporting

The Organizations report gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the combined statement of activities and changes in net assets as net assets released from restrictions. The Organizations' policy is to report as unrestricted support contributions with donor-imposed restrictions when these restrictions are met in the same year that the contribution was received. Contributions are recognized as revenue when they are received or unconditionally pledged.

#### Notes to Combined Financial Statements

August 31, 2022 and 2021

The Organizations receive contributed services in the form of volunteer labor and donations of goods and services to conduct certain programs funded by government contracts. In accordance with accounting principles generally accepted in the United States of America, contributions of services are recognized if the services received (a) create or enhance non-financial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Services of volunteers which do not meet these criteria are not recorded in the financial statements. No contributed goods or services were recognized as revenue for the years ended August 31, 2022 and 2021.

#### Contributions and Contributions Receivable

Contributions of assets other than cash are recorded at their estimated fair value at the date received. The initially recorded fair value is considered a Level 2 fair value approach. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using a risk-free rate of return as a starting point and then increasing that rate to account for the inherent risk associated with the expected future cash flows of these unconditional promises to give. Amortization of the discounts is included in contribution revenue. Conditional promises to give are not included as support until the conditions are substantially met.

Unconditional promises to give with payments due in future periods are recorded as support with donor restrictions unless explicit donor stipulations or circumstances surrounding the receipt of the promise to give make clear that the donor intended it to be used to support activities of the current period.

#### Grants and Contracts

The Organizations expend resources under government and private sector contracts and grants for specific purposes that are subject to review and audit by grantors or their representatives. Such audits could result in requests for reimbursement to the grantor by the Organizations if expenditures are disallowed. Management does not anticipate such an event. However, management believes that such requests for reimbursement, if made, would not have a significant impact on the financial position of the Organizations. Revenue from cost reimbursement contracts and grants is recognized as related costs are incurred on the projects.

Revenue is deferred when it is collected but not earned as of the year end, and is primarily composed of advance payments on government contracts. Deferred revenue is recorded as a liability until it is earned. Once earned, the liability is reduced, and revenue is recorded. The Organizations have no deferred revenue as of August 31, 2022 and 2021.

#### Notes to Combined Financial Statements

August 31, 2022 and 2021

#### Accounts Receivable

Accounts receivable are carried at their net realizable value. Accounts receivable balances are comprised of amounts due from government agencies for the reimbursement of services provided and taxes paid. Revenue is recognized when the work has been performed or when the expense has been incurred. Collectability and aging of accounts receivable are based on contractual terms. Management estimates the allowance for doubtful accounts by identifying troubled accounts and by using historical experiences applied to an aging of accounts. Accounts receivable are written off when deemed uncollectible. Recoveries of accounts receivable previously written off are recorded as a reduction of bad debt expense when received. Accounts receivable are considered past due if any portion of the receivable is outstanding more than 90 days. Interest is not charged on receivables. Management has reviewed accounts receivable as of August 31, 2022 and 2021, and considers accounts receivable to be fully collectible and, accordingly, no allowance for doubtful accounts is recorded.

#### **Endowment Investments**

The Organizations record investments at fair value. Fair value is determined as per the fair value policies described above.

Realized gains and losses on sales of securities are calculated on a security-by-security basis using the cost of the security as of the date of sale. Interest, dividends and realized capital gains which occur within investment funds are reported as investment income when these events occur, regardless of whether the proceeds of such transactions and events are received in cash or in-kind. In the case of limited partnership interests held for investment and other alternative investment vehicles, the Organizations report the net effects of transactions and other events affecting the fair value of these investments as unrealized gains and losses until funds are withdrawn or holdings are liquidated.

Investment returns are reported as increases or decreases in net assets without donor restrictions in the statement of activities unless their use has been restricted by donor or state law. Investment returns are reported as increases or decreases in net assets with donor restrictions if:

- the terms of the gift require that they be added to the principal of an endowment fund designated by the donor to be held in perpetuity; or
- the terms of the gift or state law impose restrictions on the current use of the income or net gains or as decreases, up to any existing unrealized appreciation.

#### Risks and Uncertainties

Financial instruments that potentially subject the Organizations to concentrations of credit risk consist principally of temporary cash investments, contributions receivable, accounts receivable, and marketable securities. The carrying amounts of these financial instruments approximate their fair value.

#### Notes to Combined Financial Statements

August 31, 2022 and 2021

The Organizations' investment securities are held by a brokerage firm that is a member of the Securities Investment Protection Corporation (SIPC). Securities held by member brokerage firms, including up to \$250,000 of cash equivalents, are insured by the SIPC up to \$500,000 per customer, per brokerage firm. SIPC protection would be triggered only in the event of a financial failure and liquidation of a participating brokerage firm or if the customer's securities are not returned. This protection does not cover investment losses in customer accounts due to market fluctuations or other claims for losses incurred while the brokerage firm remains in business.

Investment securities are exposed to various risks, such as changes in interest rates or credit ratings and market fluctuations. Due to the level of risk associated with certain investment securities and changes in the market value of investment securities, it is possible that the value of the Organizations' investments and total net assets balances could fluctuate materially.

#### Property and Equipment

Property and equipment are stated at cost at the date of acquisition or fair value at the date of donation in the case of gifts. Fair value of donated fixed assets is effectively recorded using a Level 3 market approach. Expenditures that significantly add to the productivity or extend the economic life of the assets are capitalized. Other expenditures for repairs and maintenance are charged to operations in the year the costs are incurred. Property and equipment are depreciated on the straight-line basis over the following estimated useful lives.

Furniture, fixtures, equipment and vehicle
Capitalized website costs
Leasehold improvements

3-5 years
Lesser of term of lease or 5-20 years

#### Website Costs

The costs of website development during the planning stage are expensed as incurred. Website development costs incurred during the application and infrastructure development phase including external direct costs of materials and services consumed in developing the software and creating graphics and website content are capitalized and amortized over the estimated useful lives beginning after all substantial testing is complete and the website is operational.

#### Income Tax Status

The Organizations are exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and the tax laws of Canada on income directly related to Organization purposes and is also exempt from state income taxes. Accordingly, no provision for income taxes is made in the financial statements.

Given the limited taxable activities of the Organizations, management has concluded that disclosure relative to tax provisions is not necessary.

#### Notes to Combined Financial Statements

August 31, 2022 and 2021

#### Uncertain Tax Positions

The Organizations account for the effect of any uncertain tax positions based on a "more likely than not" threshold to the recognition of the tax positions being sustained based on the technical merits of the position under scrutiny by the applicable taxing authority. If a tax position or positions are deemed to result in uncertainties of those positions, the unrecognized tax benefit is estimated based on a "cumulative probability assessment" that aggregates the estimated tax liability for all uncertain tax positions.

The Organizations have identified their tax status as tax-exempt entities and their determination as to income being related or unrelated as their only significant tax positions; however, the Organizations have determined that such tax positions do not result in an uncertainty requiring recognition. The Organizations are not currently under examination by any taxing jurisdiction. The Organizations' United States Federal and state tax returns, and Canadian tax returns, are generally open for examination for three years following the date filed.

#### **Operations**

The combined statement of activities and changes in net assets reports the change in net assets from operating and non-operating activities. Non-operating activities consist of: contributions designated for future use to operating support; endowment earnings including amounts transferred to unrestricted in accordance with spending policy; reclassifications of endowment funds; additional endowment spending appropriations; pending draw from investment; gain (loss) on foreign currency translation; contributions with donor restrictions; releases from restrictions; and bequests. All other activities are reported as operating.

#### Foreign Operations

Certain of the Organizations' operations are conducted in Canada through the Canadian Organization. Net assets of the Canadian Organization amounting to \$1,179,173 and \$1,806,916 are included in total net assets in the Organizations' combined statement of financial position as of August 31, 2022 and 2021, respectively.

#### Foreign Currency Translation

The functional currency of the Organizations' Canadian operation is its local currency ("CAD"), which differs from its reporting currency in the combined financial statements. Accordingly, monetary assets and liabilities are translated to U.S. dollars ("USD") at current rates. Revenue and expense items are translated at average annual rates. Endowment investments are invested in U.S. currency financial instruments and translation gains or losses are allocated to the Canadian Organization. Net losses from foreign currency translations totaling \$17,417 and \$1,029 during the years ended August 31, 2022 and 2021, respectively, are included in the combined statement of activities and changes in net assets.

#### Notes to Combined Financial Statements

August 31, 2022 and 2021

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from these estimates and assumptions. Significant management estimates included in the financial statements relate to the allowance for contributions receivable and accounts receivable, useful lives of depreciable assets, fair value of alternative investments, periodic cost for government grants, intercompany management fee, functional allocation of expenses and the validity and completeness of satisfaction of donor restrictions.

#### Publication and Advertising Costs

The Organizations expense publication and advertising costs the first time the publication is issued, or the advertising takes place. Publication and advertising costs of \$18,415 and \$21,226 were incurred during the years ended August 31, 2022 and 2021, respectively.

#### Related Party Expenses

The U.S. Organization charges the Canadian Organization a management fee for management, bookkeeping and accounting services. The charge is recognized as operating revenues and expenses on the combining statement of activities and changes in net assets. Management fees in connection with these services totaled \$246,000 and \$93,000 for the years ended August 31, 2022 and 2021, respectively, and are eliminated on combination.

#### Functional Allocation of Expenses

The costs of providing the various programs and activities have been summarized on a functional basis in the combined statement of activities and changes in net assets. The combined statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses that can be identified with a specific program or supporting service are allocated directly according to their natural expenditure classification. Expenses that are common to several programs or supporting services are allocated on a reasonable basis that is consistently applied. Salaries, employee benefits and payroll taxes are allocated based on estimated time and effort. Facility expenses, depreciation, office expenses, and insurance are all allocated using estimated percentages, based on estimated labor effort in each program or service.

#### Adoption of New Accounting Guidance

During the year ended August 31, 2021, the Organizations implemented ASU 2014-09, *Revenue from Contracts with Customers* (Topic 606). Topic 606 sets forth a new revenue recognition model

#### Notes to Combined Financial Statements

August 31, 2022 and 2021

that requires identifying the contract(s) with a customer, identifying the performance obligations in the contract, determining the transaction price, allocating the transaction price to the performance obligations and recognizing the revenue upon satisfaction of performance obligations. The Organizations adopted the provisions of ASU 2014-09 and related subsequently issued amendments beginning on September 1, 2020.

During the year ended August 31, 2021, the Organizations implemented ASU 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (Topic 958). ASU 2018-08 clarifies and improves the scope and accounting guidance for contributions received and made. The amendments of this update should assist entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of ASC 958, Not-for-Profit Entities, or as exchange transactions subject to other guidance and (2) determining whether a contribution is conditional. The ASU was effective for the Organizations' 2021 fiscal year and the Organizations adopted the standard as of September 1, 2020, on a modified retrospective basis. This guidance did not have an impact on the Organizations' financial statements and related disclosures.

#### Recently Issued Accounting Standard

In February 2016, the FASB issued ASU No. 2016-02, *Leases* (Topic 842), which requires lessees to recognize leases on the lessees' balance sheet and disclose key information about leasing arrangements. This update is effective for privately held companies and non-profit organizations for periods beginning after December 15, 2021, and early adoption is permitted. The Organizations are in the process of evaluating the guidance and the impact it will have on its financial statements.

#### Reclassifications

Certain reclassifications have been made to conform prior year balances to the current year presentation.

#### (3) Liquidity and Availability

The Organizations regularly monitor the availability of resources to meet their operating needs and other contractual commitments, while also striving to maximize the investment of their available funds. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organizations consider all expenditures related to their ongoing activities of providing leadership development through community-based conservation and stewardship of natural resources and cultural heritage that is shared worldwide, as well as general and administrative and development costs.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, are comprised of the following at August 31:

#### Notes to Combined Financial Statements

#### August 31, 2022 and 2021

|   |    | <u>2022</u> |    | <u>2021</u> |
|---|----|-------------|----|-------------|
| Cash and cash equivalents                       | \$ | 56,512      | \$ | 38,840      |
| Short-term investments                          |    | 11,716      |    | 12,126      |
| Contributions receivable within one year        |    | 112,201     |    | 87,430      |
| Accounts receivable                             |    | 210,933     |    | 217,889     |
| Prepaid expenses and other current assets       |    | 15,374      |    | 34,027      |
| Annual appropriation from endowment investments | _  | 331,896     | _  | 333,464     |
|   | \$ | 738,632     | \$ | 723,776     |

In addition to financial assets available to meet general expenditures within one year of the balance sheet date, the Organizations anticipate collecting enough revenue to cover general expenses.

The U.S. Organization's governing board makes an annual appropriation of 5% of the fair value of the investments, as described in the endowment spending policy section of Note 11. Prior to the year ended August 31, 2022, the board approved quarterly draws of \$82,974, for a total appropriation of \$331,896, for the 2023 fiscal year. These funds will be used for program, general and development expenses during the next 12-month period. The board may, at its discretion, approve additional appropriations from investments during the year for specific program purposes or to meet the Organizations' operating needs.

The U.S. Organization has an operating line of credit that can be used to meet cash requirements. It is the Organizations' policy to keep a zero balance for a minimum of 30 days per annum.

#### (4) Contributions Receivable

Contributions receivable consisted of the following at August 31:

|                                 | <u>2022</u>      | <u>2021</u> |
|---------------------------------|------------------|-------------|
| Gross amounts due in:           |                  |             |
| Less than one year              | \$<br>112,201 \$ | 87,430      |
| One to five years               | <br>38,148       | 19,812      |
|                                 | 150,349          | 107,242     |
| Less: discount to present value | <br>(4,370)      | (1,842)     |
| Contributions receivable, net   | \$<br>145,979 \$ | 105,400     |

Contributions receivable that are expected to be collected after one year have been discounted at 5% and are reflected at their net present value. As of August 31, 2022, amounts due from three contributors totaled \$131,297 and represented 90% of gross year-end receivables. As of August

#### Notes to Combined Financial Statements

#### August 31, 2022 and 2021

31, 2021, amounts due from three contributors totaled \$105,002 and represented 98% of gross year-end receivables.

#### (5) Investments and Fair Value of Financial Instruments

The valuation of the Organizations' investments according to the fair value hierarchy consisted of the following at August 31:

|                               |             |           |     | 2022    |        |           |
|-------------------------------|-------------|-----------|-----|---------|--------|-----------|
|                               |             | Level 1   |     | Level 2 |        | Total     |

Some of the Organizations' investment funds contain clauses that, under certain circumstances, the fund managers may limit distributions from the related fund. The Organizations have not experienced such limitations over distributions from their funds during the years ended August 31, 2022 and 2021.

Investments with a fair value of \$575,601 and \$600,283 as of August 31, 2022 and 2021, respectively, are being held in a separate account and serve as collateral for the line of credit with a bank (see Note 7).

| Less: accumulated depreciation and amortization | <br>(136,749)   | (185,924)   |
|   | \$<br>15,948 \$ | 13,948      |

#### (7) Line of Credit

The U.S. Organization maintains a working capital line of credit (the "Line") with a bank payable upon demand. Borrowings on the Line are limited to \$400,000. The rate of interest on the Line is the Wall Street Journal prime rate plus 2%, with a floor of 4.50%. The interest rate on the Line was 5.5% and \$4.5% per annum at August 31, 2022 and 2021, respectively. The Line is secured by marketable securities held at a brokerage firm, with a required minimum balance of \$500,000 (see Note 5). The outstanding balance on borrowings from the bank was \$397,000 and \$213,480 at August 31, 2022 and 2021, respectively.

#### (8) Notes Payable

Notes payable consisted of the following at August 31:

|  | <u>2022</u>  | <u>2021</u>  |
|--|--------------|--------------|
| Note payable to a company, due in monthly installments of \$355, interest at 2.49% per annum through December 2022, secured by a vehicle.  Non-interest bearing loan provided by Canada Emergency Business Account, due December 31, | \$<br>1,172  | \$<br>4,917  |
| 2023.  | 22,889       | 23,774       |
|  | \$<br>24,061 | \$<br>28,691 |

In May 2020, the U.S. Organization was granted a note (the "Note") from a bank in the amount of \$113,855, pursuant to the Small Business Administration (the "SBA") Paycheck Protection

Notes to Combined Financial Statements

August 31, 2022 and 2021

Program (the "PPP") under the CARES Act, a federal government stimulus program. The Note matured on May 28, 2022 and bore interest at a rate of 1% per annum, payable monthly commencing on November 28, 2020. The Note was guaranteed by the SBA and might be prepaid at any time prior to maturity with no penalty. Under the terms of the PPP, up to the full amount of principal and accrued interest might be forgiven if the funds are used for qualifying expenses. The principal and interest were forgiven by the Bank in January 2021.

In February 2021, the U.S. Organization was granted a second PPP note from the Bank in the amount of \$106,860. This note matured in February 2026 and bore interest at a rate of 1% per annum, payable monthly commencing on the date required under the CARES Act. The Note was guaranteed by the SBA and might be prepaid at any time prior to maturity with no penalty. Under the terms of the PPP, up to the full amount of principal and accrued interest might be forgiven if the funds are used for qualifying expenses. The principal and interest were forgiven by the Bank in October 2021.

In accordance with FASB ASC 958-605, *Not-for-profit (NFP) Entities – Revenue Recognition*, \$106,860 and \$113,855 of the above notes were recognized as government grants in the Organizations' statement of activities and changes in net assets for the years ended August 31, 2021 and 2020, respectively, when the conditions were met for forgiveness.

In May 2020, the Canadian Organization was granted a loan from a bank in the amount of \$30,679, pursuant to Canada Emergency Business Account (the "CEBA"). The loan matures on December 31, 2023 and bears no interest. Under the terms of the CEBA, repaying the outstanding balance on or before December 31, 2023 will result in loan forgiveness of 25 percent. The board decided to repay the outstanding balance by due date, therefore, \$7,670 of the loan was recognized as grants and contributions in the Statements of Activities and Changes in Net Assets for the year ended August 31, 2020. The remaining balance of the loan, \$22,889 and \$23,774, is recorded as notes payable in the Statement of Financial Position as of August 31, 2022 and 2021, respectively.

The aggregate principal payments on the note are as follows for the years ending August 31:

| Total | \$<br>24,061 |
|-------|--------------|
| 2024  | <br>22,889   |
| 2023  | \$<br>1,172  |

#### (9) Net Assets

Net assets with donor restrictions are available for the following purposes or in future periods at August 31:

#### Notes to Combined Financial Statements

#### August 31, 2022 and 2021

| 23  |              | (( | Continued)  |  |

Notes to Combined Financial Statements

August 31, 2022 and 2021

#### (11) Endowment Assets and Those Functioning as Endowment Assets

#### Endowment

The Organizations' endowment funds are comprised of approximately fifteen individual funds established for a variety of purposes. The endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. The Organizations' Board designated funds represent amounts received from donors without specific donor stipulations that the funds be restricted in perpetuity. Management has elected to invest these funds in the endowment in order to maximize their investment return until they are expended. The following is the composition of endowment assets and those functioning as endowment assets by net asset class at August 31:

|  |    |               |    | 2022         |    |                      |

#### Interpretation of Relevant Law

The Board of Directors has interpreted the New York Prudent Management of Institutional Funds Act ("NYPMIFA"), as adopted by the State of New York, as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organizations classify as net assets with permanent donor restrictions (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulation to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in net assets with permanent restrictions is classified as net assets with temporary restrictions until those amounts are appropriated for expenditure by the Organizations in a manner consistent with the standard of prudence prescribed by NYPMIFA. In accordance with NYPMIFA, the Organizations consider the following eight factors in making a determination to appropriate or accumulate donorrestricted endowment funds: (1) the duration and preservation of the funds, (2) the purposes of the institution and the endowment funds, (3) general economic conditions, (4) the possible effect of inflation or deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Organizations, (7) where appropriate and circumstances would otherwise warrant, alternatives to expenditure of the endowment fund, giving due consideration to the effect that such alternatives may have on the Organizations, and (8) the investment policy of the institution.

#### Notes to Combined Financial Statements

August 31, 2022 and 2021

Underwater Endowment Funds

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level the donor requires the Organizations to retain as a fund of perpetual duration. Deficiencies of this nature are reported in net assets with donor restrictions. There were no such deficiencies at August 31, 2022 and 2021.

Return Objectives and Risk Parameters

The Organizations' investment portfolio is managed to provide for the long-term support of the Organizations. Accordingly, these funds are managed with disciplined longer-term investment objectives and strategies designed to meet cash flow and spending requirements. Management of the assets is designed to attain the maximum total return consistent with acceptable and agreed upon levels of risk. It is the goal of the aggregate long-term investments to generate an average annual real total return, net of investment management fees, of 4.4%, as measured over rolling five-year periods.

Strategies Employed for Achieving Objectives

To satisfy their long-term rate-of-return objectives, the Organizations rely on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organizations target a diversified asset allocation of 85% equity securities and alternative investments and 15% fixed income securities and cash equivalents.

Spending Policy and How the Investment Objectives Relate to the Spending Policy

As approved by their Board of Directors, the Organizations had a policy of appropriating for distribution each year a percentage of their endowment funds' average fair value over the previous 20 quarters through June 30. The annual appropriation is based on a 20-quarter average of the fair market value at the end of each quarter. The Board of Directors approved a spending rate of 5.0% for both fiscal years ending August 31, 2022 and 2021, with a calculated endowment appropriation of approximately \$333,000 and \$330,000 in 2022 and 2021, respectively. In establishing this policy, the Organizations considered the long-term expected return on their endowments. Accordingly, over the long-term, the Organizations expect the current spending policy to allow their endowments to grow at the total return less the spending policy. This is consistent with the Organizations' objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return. A portion of the Organizations' cumulative investment income and net appreciation is allocated to operations in accordance with the Organizations' investment policies and procedure.

#### Notes to Combined Financial Statements

August 31, 2022 and 2021

In addition to the amounts appropriated under the spending policy, the Board of Directors approved one-time appropriations as necessary. The Board of Directors has approved a spending rate of 5.0% for 2023 (see Note 3).

The following summarizes the transfer of endowment earnings to operations for the years ended August 31:

|  | <u>2022</u>   | <u>2021</u>   |
|--|---------------|---------------|
| Spending policy                          | \$<br>333,464 | \$<br>329,952 |
| Additional board approved appropriations | <br>314,501   | <br>168,720   |
|  | \$<br>647,965 | \$<br>498,672 |

#### (12) Commitments and Contingencies

Leases - General

The Organizations lease certain equipment under operating leases expiring at various times through 2022. Expense under these leases was \$5,375 and \$4,433 during the years ended August 31, 2022 and 2021, respectively.

Lease Agreement for Office Space - Ipswich, Massachusetts, USA

The U.S. Organization has a sublease agreement for its office space in Ipswich, Massachusetts through December 31, 2025, and two lease agreements for additional spaces through September 30, 2023 and March 31, 2024, respectively. Rent expense under these operating leases was \$49,666 and \$44,060 for the years ended August 31, 2022 and 2021, respectively.

Lease Agreement for Office Space - Montreal, Canada

The Canadian Organization has a lease agreement for its office space in Montreal, Canada through May 31, 2021. Rent expense and other expenses for utilities and taxes under this agreement were \$14,025 and \$13,704 for the years ended August 31, 2022 and 2021, respectively.

Future Lease Payments

Future minimum rental payments under non-cancelable operating leases with initial lease terms longer than one year are as follow for the years ending August 31:

#### Notes to Combined Financial Statements

| August | 31. | 2022 | and | 2021 |
|--------|-----|------|-----|------|
|        |     |      |     |      |

| _  | 181,228 |
|----|---------|
|    | 21,359  |
|    | 46,041  |
|    | 50,950  |
| \$ | 62,878  |
|    | \$<br>  |

#### (13) Retirement Plan

The U.S. Organization sponsors a defined contribution retirement plan (the "Plan") for eligible employees. The Organization's contributions to the Plan were \$26,292 and \$51,668 for the years ended August 31, 2022 and 2021, respectively. Approximately \$12,009 and \$11,540 of the employer contributions to the Plan are included in accrued expenses and other liabilities at August 31, 2022 and 2021, respectively.

#### (14) Subsequent Events

QLF has evaluated all subsequent events through February 20, 2023, the date the financial statements were available to be issued.
